(2) the Congress had made its own review and examination of national forest roadless areas in California and the environmental impacts associated with alternative allocations of such areas.

(b) On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II final environmental statement (dated January 1979) with respect to national forest lands in States other than California, such statement shall not be subject to judicial review with respect to National Forest System lands in the State of California;

(2) upon enactment of this title, the injunction issued by the United States District Court for the Eastern District of California in the State of California versus Bergland (483 F. Supp. 465 (1980)) shall no longer be in force;

(3) with respect to the National Forest System lands in the State of California which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II), and those lands referred to in subsection (d), except those lands remaining in further planning as referred to in subsection (e), or designated as planning areas upon enactment of this title, that review and evaluation shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, to be an adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revisions of the plans but shall review the wilderness option when the plans are revised, which revisions will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless prior to such time the Secretary of Agriculture finds that conditions in a unit have significantly changed;

(4) areas in the State of California reviewed in such final environmental statement or referenced in subsection (d) and not designated as wilderness or planning areas by this title or remaining in further planning as referenced in subsection (e) upon enactment of this title shall be managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976: *Provided*, That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the land management plans;

16 USC 1600
note.

16 USC 1604.

(5) in the event that revised land management plans in the State of California are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law; and

16 USC 1604.

(6) unless expressly authorized by Congress, the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of National Forest System lands in the State of California for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System.

16 USC 1600 note.

(c) As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, the term “revision” shall not include an “amendment” to a plan.

(d) The provisions of this section shall also apply to—

(1) those National Forest System roadless lands in the State of California: in the Plumas and Tahoe National Forests which were evaluated in the Mohawk Unit Plan; in the Six Rivers National Forest which were evaluated in the Blue Creek Unit Plan not designated as Wilderness by this title and the Fox Unit Plan; in the Klamath National Forest which were evaluated in the King Unit Plan; in the Angeles National Forest which were evaluated in the San Gabriel Unit Plan; in the Modoc and Shasta-Trinity and Klamath National Forests in the Medicine Lake Unit Plan; in the Cleveland National Forest which were evaluated in the Palomar Mountain Unit Plan and Trabuco Unit Plan; in the Los Padres National Forest which were evaluated in the Big Sur Unit Plan; in the Tahoe National Forest which were evaluated in the Truckee-Little Truckee Unit Plan; and those portions of the Carson-Iceberg roadless area not designated as wilderness or planning areas or remaining in further planning as referenced in subsection (e);

(A) filed by the city of Los Angeles with the Secretary of the Interior on October 24, 1944, and

(B) accepted as proof of construction on behalf of the United States by the Commissioner of the General Land Office on January 4, 1945.

Such easement conveyances shall provide for the right of the city to continue its present operations and to maintain, reconstruct, and replace all existing water and power facilities located within the bounds of the area described in the maps and descriptions referred to in the preceding sentence. The United States shall reserve in the conveyance easements all rights to use and permit the use by others of the lands so conveyed to the extent that such use does not unreasonably interfere with the rights granted herein to the city of Los Angeles.

(4) The easements granted under paragraph (2) of this subsection shall provide that whenever the city of Los Angeles ceases to use the land or any part thereof subject to such easements for the purposes for which it is currently being used, as of the date of enactment of this title, all interests in such land or part thereof shall revert to the United States.
